REF: PRCN 200120218104

Dear President Guiliano:

The School Participation Team-Northeast has made final determinations for all of the findings in the April 18, 2001 Program Review Report. The purpose of this Final Program Review Determination Letter (FPRD) is to: (1) identify the monetary liabilities due from New York Institute of Technology; (2) provide instructions for the payment of the monetary liabilities to the Department of Education (ED); (3) notify the Institute of its right to appeal; and (4) close the program review.

Based on the Institute's October 1, 2001, May 30, 2003 and January 16, 2004 responses, the following findings are closed:

Finding 2 – Failure to Submit Letter of Credit
Finding 7 – Failure to Publish and Distribute a Comprehensive Campus Security Report
Finding 8 – Failure to Reconcile Federal Pell Grant Funds

Determinations concerning Findings 1, 3, 4, 5 and 6 are discussed below.

Finding 1: Disbursements Made to Ineligible Students

This finding cited ineligible disbursements of Federal Title IV funds made to six students from the 1998/1999 and 1999/2000 award years who had either never attended the semester reviewed (student numbers 47 and 49), had received aid after withdrawing from the reviewed semester (student numbers 66, 72 and 81) or received aid while on a leave of absence (student number 95). Ineligible Title IV disbursements to these students totaled $49,815.62.

Federal regulations indicate that a student is eligible to receive Federal Title IV program assistance if the student is a regular student enrolled (on at least a half-time basis in an eligible program at an eligible institution), has continuously maintained eligibility from the beginning of the loan period and is not on a leave of absence (34 CFR Section 668.32(a); 34 CFR Section 682.201(a) and 682.604(b) and (c)).

To resolve this finding, we required the Institute to conduct a total review of its leave of absence and withdrawn student populations for the 1998/1999 and 1999/2000 award years to determine if Title IV funds had been disbursed to other students subsequent to

the leave of absence or withdrawal. The Institute did not contest this finding, conducted the total reviews and reported ineligible disbursements to be returned to the Department (Federal Pell, FSEOG, Federal Perkins Loan programs) and lenders (Stafford Loan and PLUS Loan programs) that fall into the following categories: (1) disbursements made to students who never attended the corresponding semester: 16 students, $35,786; (2) disbursements made to students subsequent to withdrawal: 9 students, $50,300; (3) disbursements made to students while on leave of absence: 4 students, $63,498 (this liability is also associated with Finding 3: students are included in the Institute's Finding 3 spreadsheets: 3A, 3B and 3C); (4) disbursements to withdrawn students (last date of attendance undeterminable): 6 students, $11,879, (5) loan disbursements to less than half-time students: 1 student, $3,312. We have attached the Institute's spreadsheets (1A, 1B, 1C, 1D, 3A, 3B and 3C) and ours, which depict the affected students, liability amounts and related interest (interest reflects accruals through the Institute's October 1, 2001 response). Our interest calculation description is below.

Ineligible Disbursements Already Returned

The Institute also reported to us ineligible Title IV disbursements (Federal Pell, FSEOG, Federal Perkins and Subsidized Stafford Loans) made to students under the same categories for the 1998/1999 and 1999/2000 award years that it has already returned to the Department and or lenders (also identified within its spreadsheets 1A, 1B, 1C and 1D). For these instances, we only calculated interest on the ineligible disbursements. Interest was calculated using the formula:

$$P * R/365 * T$$

(*Principal* equals the ineligible disbursement, *Rate* equals the applicable U.S. Treasury Department interest rate for the time period in which the funds were maintained measured in days and *Time* equals the period from the date of the ineligible disbursement to the date of fund return).

Interest associated with ineligible disbursements for students who never attended (68 students) totals $2,369.86. Interest associated with ineligible disbursements for withdrawn students for whom no LDA could be determined (attendance not established) (3 students), $96.74. Interest on ineligible disbursements made to students after withdrawal (5 students) totals $274.06.

Ineligible Loan Disbursements

Concerning the ineligible loan disbursements due to lenders, we do not require full repayment. The Institute reported a total of $155,011 in ineligible Subsidized and Unsubsidized Stafford Loans and PLUS Loan disbursements (this amount was included in the previously noted totals) made to 22 students. We recalculated this liability using our Estimated Loss Calculation where an estimation of the actual loss to the Department is assessed. This calculation assesses the Department's loss of excess subsidies paid to lenders for ineligible loans. The estimated loss amount is $21,945. Please refer to our attached Estimated Loss Calculation worksheet and the corresponding list of ineligible loans included in this determination for full details.

Student numbers 47, 49, 66, 72, 81 and 95 originally cited in the program review report are addressed in either the actual loss calculation (number 66 and 95) or our Finding #1 Interest Calculation Spreadsheet (numbers 47, 49, 72 and 81).

The total liability for this finding is **$35,533.39**, attributable as noted below:

Ineligible Disbursements (Federal Pell and Perkins Loans):	$ 9,764.00
Interest (Federal Pell and Perkins Loans):	$ 1,083.74
Interest (Funds Already Returned):	$ 2,740.65
Ineligible Loans (Estimated Loss Liability):	$21,945.00

Payment instructions are included later in this letter.

Finding 3: Leave of Absence Exceeds Regulatory Length – Withdrawal Undetermined

This finding cited leaves of absence that exceeded regulatory lengths granted to students awarded Title IV aid during the 1998/1999 (student numbers 65, 72 and 95) and 1999/2000 (student numbers 93, 94, 95, 96, 101, 103) award years. Leaves of absence for these students ranged from ten months to one year. Title IV aid disbursed to these students (numbers 72 and 95) during the leave of absence totaled $26,190.

Federal regulations define an approved leave of absence as one that does not exceed 60 days in length for periods prior to July 1, 2000 and 180 days for periods beginning July 1, 2000. (34 CFR Section 668.22(d) and (j)) Additionally, approved leaves of absence can only be granted once to a student in a twelve-month period (barring special circumstances). (34 CFR Section 668.22(d)(1)(vi))

To resolve this finding, we required NYCOM to identify all students it granted leaves of absence to during the 1998/1999, 1999/2000 and 2000/2001 award years that exceeded regulatory lengths (2000/2001 was included as leaves spanned into this award year). Additionally, we required NYCOM to identify students who it had granted more than one leave of absence to during a one-year period. In instances where leaves of absence exceeded regulatory lengths or where students were granted leaves more than once during a one-year period, we required the Institute to declare the affected student withdrawn and perform the appropriate refund calculation. In instances where students returned from the leave of absence (during the loan period), we did not consider them withdrawn.

The Institute did not contest our finding, identified leave of absence students for 1998/1999, 1999/2000 and 2000/2001 and reported 34 students whose leaves exceeded regulatory lengths. We assessed liabilities for four students, including number 95, in the amount of $63,498. We assessed liabilities for these four students for the following reasons:

1) loan disbursements were made to the students during the leave of absence period;

2) the students were not in attendance at the point of the loan disbursement through the end of the loan period; and
3) the students returned from the leave of absence during a subsequent loan period.

According to 34 CFR Section 682.604(c)(4), a school may not credit a student's account or release loan proceeds to a student who is on a leave of absence. 34 CFR Section 682.604(b)(2) states a school may release loan proceeds only to a student who has continuously maintained eligibility for the loan period certified by the school on the student's loan application.

Certified loan amounts for these disbursements total $63,498 (Subsidized ($17,000) and Unsubsidized Stafford ($46,498). Because these are ineligible loan disbursements, we have used our Estimated Loss Calculation to determine amounts due the Department. These loans are included in our combined Estimated Loss Liability Calculation described previously (Finding 1) and included in our Estimated Loss Calculation spreadsheet.

One student was not disbursed funds during the leave of absence (number 94) but did not return after her leave of absence ended. This student was declared withdrawn. The Institute calculated the refund and reported $9,382 in Unsubsidized Stafford Loan funds is due the lender (calculation results are included in the Institute's Finding #4's spreadsheet (4C)).

Concerning the ineligible loan funds disbursed to the four students, please refer to our Estimated Loss Liability spreadsheet for full details. We have also attached the Institute's corresponding spreadsheets to this letter.

Payment instructions are included later in this letter.

Finding 4: Failure to Calculate Refunds

This finding cited uncalculated and unpaid Title IV refunds (pro rata or Federal) for students who withdrew from the Institute. This finding affected student numbers 46, 53, 58 during the 1998/1999 award year and student numbers 85, 88, 94, and 105 during the 1999/2000 award year.

Student numbers 46, 53, 58, 85, 88 unofficially withdrew from the Institute. Student number 94 did not return from a leave of absence (see Finding 3) and the Institute dismissed student number 105.

According to federal regulations, a school complies with its program participation agreement and demonstrates financial responsibility when it makes all required refunds to the Title IV programs. (34 CFR Section 668.14(b)(24) and 668.15(b)(3)).

To resolve this finding, we required the Institute to conduct total reviews of its withdrawn student populations for 1998/1999 and 1999/2000 award years and for 1999/2000

concerning NYCOM to identify withdrawn students whose Title IV funds had not been refunded.

The Institute did not contest our finding, performed the total review, identified 38 withdrawn students from the 1998/1999 award year and 32 withdrawn students from the 1999/2000 award year, performed the required refund calculations and reported to us a total of **$108,843.29** in unpaid Title IV refunds for the 1998/99 ($49,045.26) and 1999/2000 ($59,798.03) award years. We calculated interest on the unpaid refunds in the amount of **$5,648.20** ($3,362.81 and $2,285.39 for 1998/1999 and 1999/2000, respectively). Interest accruals span the time period from the refunds' due dates to the date of the Institute's response concerning this finding (October 1, 2001). We calculated interest using the formula described in Finding 1's narrative. Please refer to our attached spreadsheets for full details. We have also included the Institute's Finding 4 spreadsheets with this letter.

Payment instructions are included later in this letter.

Finding 5: Failure to Determine and Document Students' Last Date of Attendance

This finding cited undetermined and undocumented last dates of attendance for withdrawn students, which affected the Institute's ability to subsequently make required refunds during the 1998/1999 and 1999/2000 award years.

Last dates of attendance were undetermined for student numbers 28, 46, 61, 69 and 70 during the 1998/99 award years and for student numbers 87, 89, 91, 92 during the 1999/2000 award years. With the exception of student number 28, each student was contained in the Institute's withdrawn student universe and our withdrawn student sample. Files for student numbers 28, 61, 69, 91, 87, 89 contained information indicating a withdrawal had occurred but attributable to no specific date. No refund calculations were performed for these students.

Files for student numbers 46 and 70 contained refund information (cancelled refund checks) but did not document the last date of attendance or how the refunds were computed.

Information in the files for student number 92 indicated the student was hospitalized on December 22, 1999 and was granted a leave of absence through August 1, 2001. However, no records indicating his last date of attendance were in this student's files.

A similar finding was cited in the Institute's August 31, 1997 A-133 Single Audit resulting in an error rate of 44 percent (11 of 25). Our September 29, 2000 Final Audit Determination resolved procedural issues for this finding but did not address payment of the unpaid refunds[1]. Therefore, we chose to address this unpaid refund issue in conjunction with this report.

[1] ACN: 02-1997-98240 was originally referenced with a date of March 30, 2001.

An institution must determine the withdrawal date for a student who drops out within 30 days after the expiration of the earlier of the period of enrollment for which the student has been charged, academic year in which the student withdrew or the educational program from which the student withdrew (34 CFR Section 668.22(j)).

To resolve this finding, we required the Institute to determine withdrawal dates for students cited in the program review report and to perform total reviews of NYIT's 1996/1997 and 1999/2000 withdrawal population and NYCOM's 1998/1999 and 1999/2000 withdrawal populations to determine if other LDAs were unidentified. If undetermined, the Institute was instructed to determine the LDA and perform the appropriate refund calculation.

The Institute did not contest our finding, conducted the total reviews and reported a total of 16 students for whom refunds were unpaid during 1996/1997 ($18,623) and one student during 1998/1999 ($2,017.34), totaling **$20,640.34** in unpaid refunds. Interest accruals total **$2,824** (1996/1997 interest: $2,592.75; 1998/1999 interest: $231.25). Please refer to our Finding 5 Spreadsheet for full details. The same interest calculation rules noted earlier in this letter apply (through the response date of October 1, 2001). We have also included the Institute's original Finding #5 spreadsheets with this letter.

Payment instructions for this finding are discussed later in this letter.

Finding #6: Refund Calculation Incorrect

This finding cited an incorrectly calculated refund for student number 57 during the 1998/99 award year. Specifically, the Institute computed the Federal refund using an incorrect number of weeks attended by the student, resulting in an incorrect computation of the percentage of the semester completed and Title IV aid the Institute could retain.

Incorrectly calculating refunds can result in an institution retaining Title IV funds to which it is unentitled causing a financial burden on the U.S. Department of Education (34 CFR Section 668.22).

To resolve this finding, we directed the Institute to recalculate the refund. The Institute did not contest this finding, recalculated the refund and reported a Pell refund of $82.50 due the Department. Interest accruals total $92.21 (from the date the refund was due through the Institute's response concerning this finding (October 1, 2001). Student number 57 was reported in the Institute's total review for Finding 4. Therefore, we have not assessed a liability with reference to this finding but in reference to Finding 4.

The Department will use those procedures to consider any objection to offset. No separate appeal opportunity will be provided. If a timely appeal is filed, the Department will defer offset until completion of the appeal, unless the Department determines that offset is necessary as provided in 34 CFR Sec. 30.28. This debt may also be referred to the Department of the Treasury for further action as authorized by the Debt Collection Improvement Act of 1996.

The Total Estimated Liability above is the Department's estimate of the actual loss to the Department that has or will result from the ineligible loans made by your institution.

Estimated defaults are calculated using the most appropriate cohort default rate published by the Department.

For FFEL, the Department's loss for excess subsidies paid to lenders for ineligible loans is estimated by using the average number of days from:

>disbursement to repayment
>repayment to default, and
>repayment to paid in full

For Direct Loans, the Department's loss for excess subsidies paid on ineligible loans is estimated using the average number of days from disbursement to repayment.

The averages used are based on school type, and are taken from historical information supplied to the Department from all guarantee agencies.
